| •Git / GitHub | •Photoshop |
| •Ruby / Ruby on Rails | •Graphic and Media Design |

Experience

WEB DEVELOPER : Oct 2022 to Jul 2026

BxB Media LLC - Remote

- Developed responsive web applications using HTML, CSS, and JavaScript and the WordPress platform.
- Collaborated with designers to turn their Figma and Adobe XD design to live responsive websites.
- Collaborated with other developers on projects.
- Performed various maintenance tasks to live client sites.

GRAPHIC DESIGNER / MEDIA PRINTER : Jul2017 - Current

Self Employed

- Created digital assets for digital use and traditional printing applications.
(Logos, Flyers, Business, Stickers, Information Sheets. Etc.)
- Designed new, on-brand visual elements focusing on concept and messaging.
- Consulted with clients to define design requirements and manage product development projects.
- Created client T-shirts from design to final product using multiple printing methods.

ASSISTANT STORE MANAGER : Feb 2015 to Jul 2017

Chipotle Mexican Grill - Sunrise, FL / Davie, FL

- Run day-to-day operational business of the restaurant — creating and managing schedules, P&L management, sales forecasting, recruiting and interviewing, training, coaching, maintaining excellent guest experience, and upholding food safety.
- Manage inventory, ordering, and cash handling; hit daily labor and food-cost targets

Projects

PORTFOLIO WEBSITE : Jul2022 (updated Aug 2026)

vladimirjoseph.com

- Portfolio website created to display my current skills.
- Built with Ruby on Rails platform.

MIGHTYLOCKSMITH.COM : May 2022

- Created a website for locksmithing business to increase their online presence.
- Built on the wordpress platform with some custom HTML and CSS.
- Managed and maintained for 3 months. Increased lead generation ~15% during that time.

FAFSA LIKE A BOSS (FafsaLAB) : Jun 2021

- Web App Project built with Ruby on Rails.
- Features CRUD functionality.
- User Accounts with different levels of authority
